

# Internship Opportunity at Brhythm Creatives

Are you creative with a knack for cutting edge graphic design?

At Brhythm we're in search of an individual just like you that can become a part of our team and transform communications with their skills. Our objective is to grow together and teach our interns the skills they need to become masters of their art.

## As a part of the team you will get the unique opportunity to:

1. Showcase your graphic design and animation skills and bring your ideas to life, helping bring us ahead of the curve in the world of design and media
2. Innovate and come up with contemporary ideas that can improve methods, techniques, processes or products
3. Curate content primarily for our social media handles and create impact with each post
4. Maintain our official communications and hone their skills in social media management
